Project: Reinhart FoodService facility

Location: Lockland, Ohio

Client: FTC & H, Inc.

Baumann Land Survey Inc. performed a topographic and boundary survey of the Reinhart FoodService, for the design of additional building and parking areas. The operational, 8 acre facility is located in Lockland, Ohio. Construction surveying services were also provided for the project: layout of the pavement areas, the building addition, and new utilities including underground detention structures. After construction, topographic and boundary surveys were performed for properties across the street from the existing facility that were to be acquired by Reinhart Foodservice.
